

ALHTR150

120V Thermostatic Silicone Heater

Features

- 2 x 8" 22ga silicone leads
- Factory bonded to .05" aluminum plate, flanged with mounting holes
- Optional 40°-60° F air sensing thermostat

Specifications

Input Voltage	120V
Power	150W
Watt Density	(5 W/in ²)
Thermostat Range	40°-60°F
Dimensions	3.5" x 10" x 1.4"
